

Job Vacancy

Branch Director

Location: Hereford

Hours of Work: 40 hours per week, Monday to Friday

Salary: Competitive + Company Car/Car Allowance + Bonus Scheme

Glosford SIPS, part of the Wyckham Blackwell, Crendon Timber Engineering, Keystone Group of Companies is seeking a **Branch Director** to lead an existing successful team based at our Manufacturing and Design Facility in Hereford. We are looking for an individual with strong leadership qualities, is commercially experienced and thrives on exceeding targets to achieve our business expansion plans.

Position Overview:

Glosford Timber Solutions Ltd design, manufacture and install Structurally Insulated Panels (SIP) and Timber Frame buildings in the private residential and commercial markets. You will be responsible for leading the branch teams to meet all agreed standards and targets in financial performance, quality, customer service, productivity and health & safety.

Key Responsibilities:

- Financial Performance - Exceeding branch budgets and reviewing financial performance and key performance indicators and communicating progress to team members.
- Leadership & Management - Providing strong and inspirational leadership to the commercial, operational and installation teams.
- Customer Service - Delivering excellent customer service using best practice processes ensuring products are delivered On Time and In Full.
- Operations - Delivering agreed performance standards in manufacturing, stock management and transport planning.
- Health & Safety - Promoting responsible attitudes and developing a culture of zero incidents.

What do we offer?

In addition to a competitive salary and bonus scheme, you will also benefit from:

- Being part of One of the UK's fastest growing Timber Engineering Companies with a wide internal support network for all non-trading systems and functions.
- 31 days holiday per year (inclusive of bank holidays) rising to 32 after three calendar years' service (Jan to Dec) and 33 after five years.
- Company Car/Car Allowance
- Annual Bonus Scheme

Please email your CV along with a covering letter advising of your current rewards package/your salary expectations to: peter.young@crendon.co.uk (Regional Director – Crendon Timber Engineering)
